

Luo-geng Hua Mathematics Award

Brief Introduction of “Luo-geng Hua Mathematics Award”

Mr. Luo-geng Hua is a famous mathematician of China, he loves his motherland deeply, dedicated to Science business, and made outstanding contributions to developing mathematics career and cultivating talents in his lifetime. In order to cherish the great achievement of Mr. Luo-geng Hua, also encourage mathematicians who made contributions to the development of Chinese mathematics careers, as well as stimulate the development of mathematics of our country, the Chinese Mathematical Society together with Hunan Education Press decided to set up “Luo-geng Hua Mathematics Award”, and host it jointly.

The “Luo-geng Hua Mathematics Award” was set up together by the Chinese Mathematical Society and Hunan Education Press. Hunan Education Press has been enthusiastic in promoting the mathematics career of our country, it responsible for the funding of this award. And the Chinese mathematical Society is responsible for deciding and awarding winners. The Awards Committee was decided and made up by the executive council of the Chinese Mathematical Society, its members are composed of president and vice president, secretary general and individual experts of the Chinese mathematical Society, and they are all well-known mathematicians. The Chinese mathematical Society changes session every four years, and members of the Awards Committee will be re-decided at that time.

"Luo-geng Hua Mathematics Award" since it set up in 1992, has been held for 12 consecutive sessions. Two people will be awarded in every session, and the reward is 100,000 yuan. Every year a ceremonious award-giving meeting will be held after the winners have been decided. National leaders (such as the NPC standing Committee Vice Chairman Guangzhao Zhou, Shisun Qian, etc.) will be invited to participate in the meeting and rewards the winners. At the same time, the award-giving meeting will be reported and propagandized through the news media, to increase the influence of the “Luo-geng Hua Mathematics Award” among both domestic and foreign Mathematical circle.

**The Awardee List of the Previous Sessions of the
“Luo-geng Hua Mathematics Award”**

Session	Awardee	Work unit of the Awardee	Place of award	Time
I	Jing-run Chen	Institute of Mathematics, Chinese Academy of Sciences	Beijing Science and Technology Hall	1992.11.4
	Qi-keng Lu	Institute of Mathematics, Chinese Academy of Sciences		
II	Chao-hao Gu	Department of Mathematics, Fudan University	Beijing Tsinghua University	1995.5.18
	Zhe-xian Wan	Institute of Mathematics, Chinese Academy of Sciences		
III	Le Yang	Institute of Mathematics, Chinese Academy of Sciences	Beijing Institute of Applied Physics and Computational Mathematics	1997.10.8
	Yu-lin Zhou	Beijing Institute of Applied Physics and Computational Mathematics		
IV	Yuan Wang	Institute of Mathematics and Systems Science, Chinese Academy of Sciences	Beijing Tsinghua University	2000.12.18
	Xia-qi Ding	Institute of Mathematics and Systems Science, Chinese Academy of Sciences		
V	Bo-ju Jiang	Peking University School of Mathematics	China University of Science and Technology	2002.10.31
	Sheng Gong	China University of Science and Technology		
VI	Ruqian Lu	Institute of Mathematics and Systems Science, Chinese Academy of Sciences	Wuhan University	2003.10.31

	Zhong-ci Shi	Institute of Mathematics and Systems Science, Chinese Academy of Sciences		
VII	Zhi-ming Ma	Institute of Mathematics and Systems Science, Chinese Academy of Sciences	Shan Dong University	2005.7.25
	Li-shang Jiang	Shanghai Tongji University Institute of Mathematics		
VIII	Jia-an Yan	Institute of Mathematics and Systems Science, Chinese Academy of Sciences	Beijing University of Aeronautics and Astronautics	2007.11.2
	Da-qian Li	School of Mathematical Sciences, Fudan University		
IX	Gong-qing Zhang	Peking University School of Mathematics	Xiamen University	2009.4.21
	Bang-he Li	Institute of Mathematics and Systems Science, Chinese Academy of Sciences		
X	Lan Wen	School of Mathematical Sciences, Peking University	Chengdu, Sichuan	2011.11.14
