Shiing-Shen CHERN Mathematics Award

Introduction

As a Chinese American mathematician, foreign academician of Chinese Academy of Sciences, Professor Shiing-Shen Chen was an international math master and he made outstanding contributions to the development of mathematics. Mr. Chen was very concerned about the development of the mathematics career of the motherland, for decades he did a lot of work on the development of our mathematics career and the training of talented person in mathematics.

In order to affirm the merits of Professor Chen and encourage the young and middle aged mathematics workers in China to contribute to the development of China's mathematics, the Standing Committee of the Chinese Mathematical Society decided to set up the "Shiing- Shen CHERN Mathematics Award". The range of awards is the young and middle aged mathematicians of our country who had made outstanding achievements in the field of mathematics.

China Mathematical Society set up and hosted the "Shiing- Shen CHERN Mathematics Award" which initiated and donated by Hong Kong Elite (ELITE) Industrial Development Group Co., Ltd and was decided to be set up by the Standing Committee of the Chinese Mathematical Society.

The Chinese Mathematical Society is in charge of the awarding work and formed an evaluation committee, which includes the president, the vice president, the Secretary-General and some experts and they are well-known mathematicians.
